

Sticky Trim

With your creativity and our variety of products,
we'll help transform your space.

Our ornamental molding is unlike anything you've seen!
Decorate your space instantly and easily without any special tools.

Do you love the look of classic decorative trim found in luxury homes but don't
have the skills to do it yourself or the money to hire a contractor?

Now you can turn an ordinary room into an extraordinary room with Sticky Trim.

Just peel & stick!

Unlimited, classic designs that never go out of style.
Each design is flexible, paintable, and can be cut with scissors to fit.

About Sticky Trim

What is it?

Sticky Trim is soft and flexible, yet when applied looks like classic wood or plaster custom trim.

Unlike wooden trim, Sticky Trim is easy to apply to uneven surfaces and imperfect walls - no nails, glues, or fillers needed.

Sticky Trim's adhesive is powerful and permanent! You won't need to worry about your decorative pieces curling or peeling.

Let's get creative together!

How does it work?

- Pick a space in your house to transform
- Choose your designs.
- Use scissors to trim if too large.
- Paint it now or later.

Peel the paper from the back to reveal our very sticky adhesive.

- Press firmly to adhere.
- Sticky Trim is soft and flexible, yet when applied looks like classic wood or plaster custom trim.

Enjoy your upgraded home!
